

GOULD PARK
DEVELOPMENT

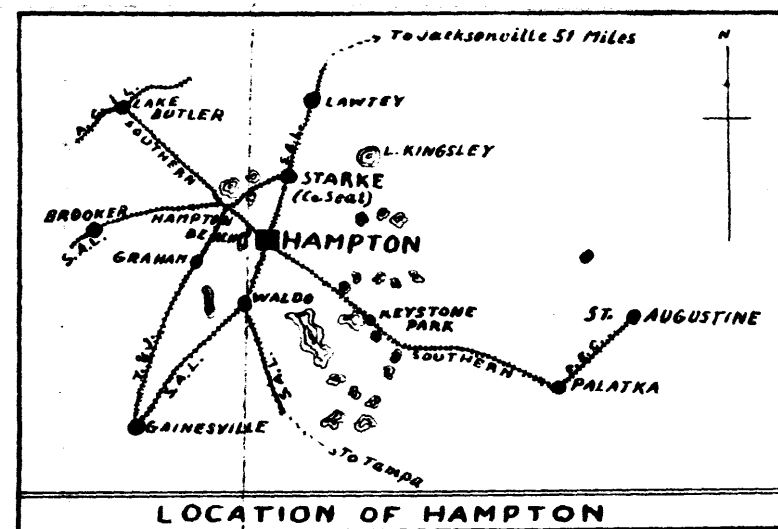

Florida

WHERE SUMMER SPENDS
HER WINTER

This reasonably restricted subdivision is in the city of HAMPTON, 3 minutes' walk from P.O. and shopping center, and fronts on main Dixie. High and dry (1+8 ft. above sea level), electric lights, city water (good drinking) and telephones. The city has 3 churches, good hotel, chamber of commerce, 8 mails daily. Two railroads - Southern and Seaboard; 16 trains stop. Bus lines to Jacksonville and Gainesville and local ice delivery. Only 1 1/2 miles west is sandy shores of beautiful Little Santa Fe lake, with excellent bathing, fishing, boating and high class dance hall.

SCALE = 1 INCH = 200 FT.

THIS wonderfully productive soil is particularly adapted for raising of oranges, grapefruit, figs, tangerines, satsumas, kumquats, lemons, grapes, limes, pecan nuts, bananas, peanuts, sugar cane, cotton, pears, plums, prunes, peaches, tobacco and all garden vegetables, as well as palms, roses, lilies and all other beautiful flowers.

BOX 221, HAMPTON, FLORIDA.

ARTHUR I. GOULD,
LICENSED REALTOR.

H. E. LAGERGREN, Suro, Starke, Fla.
